Thank you ...

Published semi-monthly by the Chicago Dental Society. Publishing, Editorial and advertising office, 30 North Michigan Avenue, Chicago 2, RAndolph 6-4076. Annual subscription, \$2.50; single copies 15 cents; circulation Second class mail privileges authorized at Chicago, Illinois.

...with the NEW Carpule Disposable STERILE NEEDLE

Guaranteed sterile-it's as safe as a needle can be. Positive protection from the virus causing hepatitis and other hard-to-kill organisms. Free of protein soil that might cause postoperative reactions. Reduces to an absolute minimum the calculated risk of breakage.

Greater comfort for the patient, too-the new sharp needle causes less trauma, the Huber Dental Point assures optimum accuracy in placement.

As for convenience, nothing has equalled the Carpule Disposable Sterile Needle in the local anesthetic field since the introduction of the cartridge itself! Time-saving, effort-saving, money-savingthe latest and most efficient accessory for your operative technic.

The Fortnightly REVIEW

THE CHICAGO DENTAL SOCIETY

January 15, 1960

Volume 39 . No. 2

FIRST GENERAL SESSION

onday night of the 95th Midwinter Meeting brings before our audience in the Grand Ballroom of the Conrad Hilton Hotel entertainment, reports on our profession and a speaker on one of the great and burning problems confronting the United States today. The entertainment consists of The Singing Men of Steel from the United States Steel Company.

Dr. Paul H. Jeserich, President of the American Dental Association, will speak on the affairs of the Association of which we all take pride in being members and in the course of presiding over the Session Dr. Harold H. Hayes, President of the Chicago Dental Society will comment

on Society affairs.

Over the page you will find the picture of our speaker of the evening, Secretary of Agriculture Ezra Taft Benson and an article about him.

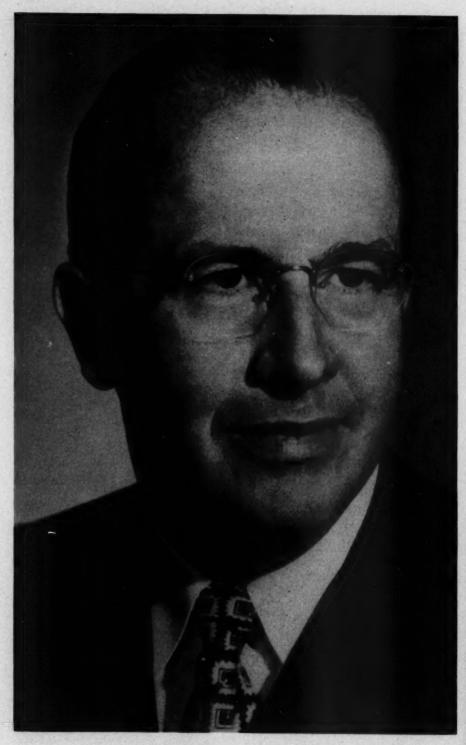

A.D.A. President Reports At General Session

Dr. Paul H. Jeserich, 101st president of the American Dental Association, will address the General Session of the Midwinter Meeting on Monday evening, February 8th. He will bring us a word picture of the problems which face organized dentistry in the year ahead and goals for the year 1960.

Dr. Jeserich was born in Chicago where he received his preliminary education and in 1924 was graduated from the University of Michigan Dental School. He joined the teaching staff of his alma mater and taught for three years and then entered private practice. In 1937 he returned to the University as director of graduate studies and devoted full time to teaching. In 1950 he was named Dean of the School of Dentistry. He is also director of the W. K. Kellogg Foundation Institute of Graduate and Postgraduate Dentistry at the University.

The dental educator is a past-president of the Michigan State Dental Association. was trustee for two terms to the American Dental Association until 1958 when he was chosen president-elect of the Association. He has also served on three councils of the American Dental Association and was formerly a member of the Advisors Committee for Dentistry of the Kellogg Foundation, the Committee on Dentistry of the National Research Council and the National Advisory Committee of the Veterans Administration.

Dr. Jeserich is a member of many professional organizations including Federation Dentaire Internationale, International Association for Dental Research and is a Fellow in the American College of Dentists. He is an honorary member of the American Academy of Periodontology. He holds membership in the following fraternities: Phi Kappa Phi, Phi Sigma, Delta Sigma Delta, and Omicron Kappa Opsilon.

HON. EZRA TAFT BENSON

Our Monday Night Speaker

he Society is greatly honored to present as its General Session speaker on Monday night, February 8th, one of our nation's leading figures, the Secretary of Agriculture, Ezra Taft Benson. Secretary Benson is a controversial personality. He is the embodiment of all that is right and of all that is wrong, if anything is, with the great farm problem. That problem and its solution has more to do with our American way of life and with the future way of life of the whole world than any other activity of our government. Recently operated on, the Secretary overruled the advice of his physician to make this trip to the Midwest to address our great representative group of interested Americans. He is an outstanding speaker, a leader and policy maker. We are proud to have him at our Midwinter Meeting.

Here are a few facts about the Secretary:

Mr. Benson was born in Whitney, Franklin County, Idaho, August 4, 1899. He is the son of George T., and Sarah Dunkley Benson, and a great-grandson of the Mormon apostle, Ezra Taft Benson, one of the original pioneers who entered the Salt Lake Valley with Brigham Young on July 24, 1847. His grandparents were among the earliest pioneer settlers of southern Idaho. He grew up on a farm in his native State and operated a farm there from 1923 to 1930.

On September 10, 1926, he married Flora Smith Amussen. They are the parents of six children.

He attended the Oneida Stake Academy at Preston, Utah, from 1914 to 1918, and the Utah State Agricultural College at Logan, Utah, from 1918 to 1921.

From 1921 to 1923 he served in the British Isles as a missionary of the Church of Jesus Christ of Latter-day Saints. On his return home, he continued his education at the Brigham Young University at Provo, Utah, where he was graduated with honors in 1926, and received a

scholarship to Iowa State College at Ames, Iowa. He received his M.S. degree in agricultural economics from Iowa State College in 1927 and was elected to Gamma Sigma Delta, honor society of agriculture. He did graduate work at the University of California in 1937-38.

In 1929 Secretary Benson served as county agricultural agent, University of Idaho Extension Service, Preston, Idaho. From 1930 to 1939 he served as extension economist and marketing specialist, University of Idaho, Extension Division.

He helped organize the Idaho Cooperative Council and served as its secretary from 1933-38. In the spring of 1939 he was appointed Executive Secretary of the National Council of Farmer Cooperatives, a federation of 5,000 cooperative groups. Since then he has served on several advisory committees and national boards in the field of Agriculture. He was a member of the executive committee of the American Institute of Cooperation, 1942-1952; director of the Farm Foundation from 1946-50; appointed by President Franklin D. Roosevelt as a member of the National Agricultural Advisory Committee during World War II; member of the National Farm Credit Committee 1940-43; United States delegate to the first International Conference of Farm Organizations in London, England, in 1946. In 1952 he was named chairman of the Board of Trustees of the American Institute of Cooperation.

For many years Secretary Benson has been active in Scouting. He served intermittently as a Scoutmaster from 1918-29, Scout Commissioner in 1930-33; a member of the National Council and committees, Boy Scouts of America since 1939; a member of Region Twelve Executive Committee since 1945; a member of the National Executive Board since 1948. He was awarded the Silver Antelope in 1951 and was presented with scouting's highest honor, the Silver Buf-

(Continued on page 26)

MEMORANDUM TO ALL MEMBERS

Early in 1960 the Department of Registration and Education will start sending out License Registration Application Blanks. The Department will mail these blanks and pertinent information that has to do with the new addition to the Dental Practice Act; namely, dental laboratory work order forms. If there is any doubt in the mind of a member whether or not his present address is on file in the Department of Registration and Education, it is suggested he notify the Department immediately of his present address. The above-mentioned forms and pertinent information will be mailed by the Department to the last known address of record. The dentist should include in his notification to the Department his name as it appears on his license, his license number and office address. This is for his own protection and will save embarrassment.

There have been many questions directed to both the Secretary's office and the Program Director's office of the Joint Commission on Registration and Law Enforcement. Some of the questions that have been asked and the answers to them are as follows:

1. Do I have to issue a work order to a laboratory technician working only for me in my private office?

The answer is yes. This part of the law states "Work orders must go to any person, firm or corporation that constructs prosthetic dental appliances." If a piece of prosthetic work makes several trips between the dentist and the dental laboratory for such things as try-ins, change in shade and other adjustments, the same work order will hold until the finished work is delivered to the patient.

- Where can laboratory forms be procured?
 Our suggestion is to call the laboratories of your choice, as many of them are furnishing personalized forms, supply house forms or stock forms produced by a printer.
- 3. Do I have to furnish work orders to out-of-state laboratories?

 Dentists using out-of-state laboratories must furnish work orders to that laboratory.

Please write or call the Program Director, Mr. Edgar T. Stephens, of the Joint Commission on Registration and Law Enforcement, 30 North Michigan Avenue, Room 1414, Chicago 2, Illinois, RAndolph 6-1470; or the Secretary's office, 632 Jefferson Building, Peoria, Illinois, for any further information desired.

Defeat of Forand Bill is a Must for All of Us

The Forand Bill providing hospital, nursing home and surgical benefits for eligible Social Security recipients may be the number one health issue in the next session of Congress. The Legislative Council of the American Dental Association urges each of us to become informed on the Bill's content and then to write, wire or personally contact your

Representative as well as members of the Ways and Means Committee of the House. The Bill is now in the hands of that committee and it is expected that it will be up for early action. In addition to your local Representative it might be well to write Rep. Noah M. Mason, a member from the State of Illinois. DO IT RIGHT NOW!

News and Announcements

SOCIETY OF DENTISTRY FOR CHILDREN WILL MEET

The Illinois Unit of the American Society of Dentistry for Children will hold its annual luncheon-meeting on Tuesday, February 9th, at 12:00 noon, in the Boulevard Room of the Conrad Hilton. Guest speaker will be Dr. Basil G. Bibby, of the Eastman Dental Dispensary.

This meeting is held in conjunction with the Midwinter Meeting of the Chicago Dental Society, and all interested members and guests are cordially invited.

N.U.D.S. '55 REUNION DINNER

The class of 1955 of Northwestern University Dental School will hold its annual reunion dinner on Tuesday, February 9th, 6:15 p.m., at the 77 East Restaurant, 77 E. Adams Street. Reservations may be made through the class president, Dr. Earl O. Bergersen, 999 Linden Ave., Winnetka, Illinois.

DENTAL TEACHING SEMINAR TO BE HELD AT U. OF I.

Starting February 1st and continuing for three days a seminar on the principles of dental teaching will be sponsored by the University of Illinois College of Dentistry in cooperation with the Kellogg Foundation. The seminar will be presented for dentists in active practice who have interest in dental teaching. It will demonstrate effective teaching methods and it is hoped that interest will be stimulated among practitioners toward the possibility of future activity in dental education.

There is no tuition for the course but there will be a registration fee of \$10.00. Further information may be obtained from Dr. Edward J. Forrest, Associate Dean, College of Dentistry, University of Illinois, 808 S. Wood St., Chicago 12.

MONIQUE VAN VOOREN FEATURED IN LOOP MOVIE

Monique Van Vooren, singer and comedienne who will star with Alan King, comedian, in the Midwinter Meeting dinner-dance entertainment, is currently appearing in the movie, "Happy Anniversary," at one of the Loop theaters.

The entire Empire Room show of the Palmer House will furnish the entertainment for the dinner-dance, Wednesday evening, February 10th.

SENATE EXPECTED TO ACT ON KEOGH BILL

It is anticipated that early in the next session of Congress, action will be taken on the Keogh Bill which has real importance for the self-employed. So get all the information you can and make known to your Senator your opinions about the Bill. This is very important to all of us. So, act at once!

NEW BLUE SHIELD DENTAL ENDORSEMENT

Allowances for oral surgery performed by dentists are now being offered under a Special Blue Shield endorsement, according to an announcement by R. T. Evans, executive director of the Blue Shield Plan of Illinois Medical Service.

"This is being done in recognition of the growing importance of oral surgery and the specialization of many dentists in the field of oral surgery," Evans explained. "We are certain that this will fill a public need which has existed for some time.

"All of the more than 14,000 firms in Illinois which now sponsor this Blue Shield Plan will be given the opportunity to add this special oral surgery endorsement to their basic Blue Shield program," Evans said. "When a firm agrees to add

(Continued on page 24)

News of the Branches

Kenwood-Hyde Park

By the time this goes to press a lot of resolutions (New Year's, that is) will have already been broken. But one resolution you should keep and that is to be sure to send in your work order to your laboratory. It is now a law and will be enforced. . . . News is pretty scarce, a lot of calls, no answers. . . . One item-I hope everyone had a nice Christmas and will have a prosperous New Year. . . . Did you see our Bob Kreiner on Channel 11—he sure performed like a veteran on our television show. This program has aroused a lot of favorable comment; be sure to tell your patients about it. We also have a radio program on station WIID. Bob Kreiner and his committee deserve a lot of credit for this dental health program. . . . Dr. Cannon and wife are in Florida at Miami Beach, soaking up some of that sunshine. Bill should come back full of orange juice or something. . . . Stan Korf is off on another trip, that's why I'm pinchhitting for him. . . . Harry Hartley bought a pair of red suspenders to go with the new fire engine he persuaded Santa to bring for that new grandson, Harry Hartley the Third -and this grandson has red hair, too. . . . I've had a busy time also-two granddaughters, one in October and the other in early November, so we've been burning up the roads between our house and Hammond and also out to Park Forest. . . . Another traveler, Rudy Grieff, together with Mrs. Grieff, spent the Holidays in Rhinelander, Wisconsin. ... Our President, Howard Harvey and Mrs. Harvey and all the little Harveys report that Santa Claus showed up at their house. . . . Our Vic Wittert reports his daughter was married and is now living in Boston. Vic is one of our active members and busy all the time soaking up culture. First he becomes a fine toastmaster and now he is absorbed in a course on psychology. . . . A. J. Ziherle's daughter, a sophomore at St. Mary's College of Notre Dame, will leave in February for six months' study at the University of Vienna, Austria. . . . Henry Leib has finished his stereophonic equipment and to rest up from his labors he took off for the Edgewater Beach Hotel. Of course, he took the good wife along. . . . By the time this column is published, your Preliminary Program of the Midwinter Meeting will have reached you. Look it over carefully, get your reservations in for Limited Attendance Clinics and come down and enjoy one of the finest meetings in the world. Each meeting gets better and Harold Hayes, our President, has gone all out to set the stage for another "spectacular." . . . Come out to our meetings, enjoy the hospitality of our Branch and bring another member with you .- Jesse R. Carlton, Assistant Branch Correspondent.

South Suburban

Well, I hope everyone had a nice and restful holiday season. Due to the absence of the branch columns in the last issue, I would like to tell you about our December meeting first of all. It was our first Dental Assistants' night and was a huge success. Lorraine Brault, President of the Certified Dental Assistants Association, was m.c. and she developed the program for the evening. We had three talks all directed to the assistants and their relationship on the dental team. From the reaction of those attending, this will have to become an annual affair. Dr. Bardige also explained to the group that the South Suburban Branch wouldlike to develop a dental assistants' group. This group, operating under the parent Certified Dental Assistants Association, would meet three or four times a year in the South Suburban area. There seemed to be a very favorable reaction to this proposal. . . . Attendance has been good at the meetings so far this

year, but it can always be better. If you have not attended any meetings this year, make it a point to come to the remainder. It will be well worth your while. . . . As you know, there will be no meeting in February, because of the Chicago Midwinter Meeting February 7, 8, 9, 10. . . . Remember to sign up early for the limited attendance clinics. Demand is greater than the supply. See you there.—Donald H. Murphy, Branch Correspondent.

North Suburban

The holiday season has caught me a little unprepared this month, so that I have very little news to spread around. At the annual North Suburban, Lake County, and Armed Forces day around the first of December, I roamed around and gathered a few choice tidbits, but nothing earth-shattering, except to the Verinks, Padovanis, and Mackeys. In

fact, I had a very distinct feeling that the majority of the fellows would rather not have their names mentioned. So I would like to take this opportunity to not mention all those individuals whose names do not appear here. Oh, the things a guy will do to fill in space. . . . I understand that Gil Mackey, of Waukegan, and his little wife, are the proud parents of a new little girl, Janet Beth, as of 25 November, and she weighed in at six pounds. Having fostered three of the same species myself, all I can say is to extend regrets. . . . Before this gets too far, I'd like to apologize for the fact that because of the Midwinter Meeting's schedule in the last issue of the Fort-NIGHTLY REVIEW I have not been requested to write a newsletter for two months, so some of this news may seem a little old hat. . . . I hear rumors that Gil Waud, of Waukegan, is thinking of moving, and for all I know, by the time this appears in print, he may already

Chicago Dental Society Meeting

Conrad Hilton Hotel

December 15, 1959

President Harold Hayes called the meeting to order at 8:00 p.m. A motion was made and seconded to dispose of the reading of the minutes of the November 17 meeting. Motion carried. A motion was made and seconded to approve the minutes as published in the December 1st issue of the Fortnightly Review. Motion carried.

Reports of boards and standing committees: none.

Reports of special committees: none. Unfinished business: none.

New Business:

Presentation of 50-year pins and certificates by Drs. Paul Clopper and James Donelan for faithful service to mankind. The audience was adorned with wives and assistants and each one received a handsome token. For a December meeting it was a record crowd.

Dr. Hayes presented Dr. Ted Vermeulen, Chairman of the Monthly Meeting Program Committee, who introduced Dr. John C. Brauer, Dean, School of Dentistry, University of North Carolina, who gave an interesting presentation on auxiliary personnel with special reference to the dental assistant. The meeting was adjourned at 9:30 p.m.

Dr. Hayes expressed his appreciation for the excellent attendance and wished everyone a Merry Christmas and a healthful New Year with a multitude of happiness.

NEWS AND ANNOUNCEMENTS

(Continued from page 12)

this endorsement providing this new type of service in addition to the regular Blue Shield program providing allowances toward the physician's bill... then all employees of the group will be required to enroll under this Dentist's Surgical Service Endorsement."

In commenting on this new benefit program now being offered for the first time by this Blue Shield Plan, Dr. Russell Boothe, chairman of the Blue Cross-Blue Shield Committee of the Illinois State Dental Society, said, "We are happy that Blue Shield is going to offer this new program. The extension of Blue Shield allowances to include oral surgery by dentists will benefit both the public and the dental profession.

"It is our hope," concluded Dr. Boothe, "that this forward-looking action by this Blue Shield Plan in Illinois may be emulated in other parts of the country."

Three dental societies which worked closely with Blue Shield officials to bring about this advance include representatives of the Illinois State Dental Society, the Chicago Dental Society, and the Chicago Society of Oral Surgery.

ARCOLIAN MEETING

The Arcolian Dental Arts Society will meet on Tuesday, January 26th, at Tony and Louie's, 4211 W. North Avenue. The speaker will be Dr. Richard Davido of the Englewood Branch of the Chicago Dental Society and his subject will be "Visual Aids in Practice Management." The meeting will begin at 8:30 p.m.

NAVAL RESERVE MEETING

The regular monthly meeting of the U. S. Naval Reserve Dental Companies 9-2, 9-3 and 9-5 will be held Friday, January 22nd, 8:00 p.m., at the Naval Armory, Randolph Street and the Lake. "Men on My Line" is the title of the program presented by a representative of the Bell Telephone Company.

HELLO, DOCTOR!

Plan to see me at

your Dealer's soon!

Mr. Wiggly was recently "brought to life" for the pleasure of his many friends. His introduction (at the N.Y. Meeting) was so successful that an unexpected demand for this lively, colorful, 5-inch doll has been received from dentists for their offices, homes, friends and children. So we've agreed to make "Mr. Wiggly" available thru dealers for a limited time, in handy mailing tubes, at \$1 each.

Biscayne Blue, Jade Green, Washington Coral (Plain, Standard, complete outfits) \$65.50. Jade Green Mottled, Biscayne Blue Mottled (Unbreakable, complete outfits) \$70.50. Ivory White \$80.50. Pure White (for a limited time only) \$80.50. Beautiful Black \$55.50.

Call your dealer

G as thousands of dentists will tell you, produces smooth, fine textured mixes of alloy...mixes that assure uniformly better, finer setting, stronger, longer lasting fillings. It is truly "the wonder electric mortar and pestle." Often imitated, but never equalled, this practical scientific instrument is preferred in dental offices, colleges, clinics and by the army and navy here and abroad. The Wig-l-bug is a proved practice builder, a great convenience and a real time saver. It amalgamates alloy and mercury in 7 seconds! Users of pellets say it is indispensable.

OUR MONDAY NIGHT SPEAKER

(Continued from page 9)

falo, in 1954 at the National Court of Honor in recognition of distinguished service to the boyhood of America.

He has taken a prominent part in the activities of the Church of Jesus Christ of Latter-day Saints since his youth. While residing in Boise, Idaho, he served as president of the Boise Stake. Following his move to Washington, D. C., in 1940 he was named by his Church as president of the Washington Stake, which includes all members of the Church in the National Capital area, Baltimore and Richmond.

On October 7, 1943, the Secretary became a member of the Council of the Twelve Apostles of the Church of Iesus Christ of Latter-day Saints. As such he is one of the General Authorities of the Church. He has been given a leave of absence from this responsibility while serving in the President's Cabinet.

From January 1946 until December of that year he served as President of the European Mission of the Church with headquarters in London, England. He was responsible for the reorganization of the work of the Church in 14 European countries, South Africa and the Near East. During this time he also supervised in these areas the distribution of food, clothing, and other needed supplies through the welfare program of the Church. Over a period of 10 months he traveled more than 60,000 miles through. these war-torn countries.

Mrs. Benson, who also came of pioneer stock, was named homemaker of the year in 1955. Their oldest son, Reed, a graduate of Brigham Young University, completed two years service with the U.S. Air Force as a chaplain. He is married and is presently employed in Washington, D. C. Their second son, Mark, received his Master's degree at Stanford University. He is married, has three children, and is living in Salt Lake City. Utah. The oldest daughter, Barbara, is married to Dr. Robert Harris Walker, of Calgary, Alberta, Canada. They have two children. Beverly and Bonnie are in college, and the other daughter, Flora Beth is attending school in the District of Columbia. Mrs. Benson and their two sons have also served as missionaries for the Church.

NEWS OF THE BRANCHES

(Continued from page 14)

owe several months back rent. . . . At the aforementioned Fort Sheridan meeting. I learned that H. J. Link, of Gurnee, was entertaining Joe Vocat and Bruce Spooner, country cousins of the little Englewood branch, for that particular meeting. Incidentally, aforesaid meeting was very well received, and enjoyed by one and all. . . . At the same meeting, I also learned that Hal Link is incapable of telling our last year's great white father, Neal Nielsen, of Deerfield, from the secretary-treasurer, me, of Libertyville, even with a glass in each hand. I guess the prescription must have been wrong. Or maybe it was because we both look so much like males. . . . Greg Padovani, of Mt. Prospect, with a small assist from his charming wife, produced the fourth boy on the 1st of December. Rumor has it that he will be named "Caboose." . . . The fearless foursome of the northwest, Bostian, Meek, Shaner, and Boman, were out in Reel Foot Lake, Tennessee, and Cairo, Illinois, early in December, theoretically on a duck hunting expedition. I wouldn't like to infer that they were unsuccessful, but when they returned, there was a mighty large delegation from the animal anti-cruelty association to greet them and parade them through the streets. . . . To those of you who knew him well, I'm sure that you will all be ready to give a moment's pause to A. J. Van Note, of Lake Forest, who recently retired. His practice has been taken over by Wm. Reveneau, a new-timer from Lake Forest, who graduated from a red-brick school house named Northwestern, and then spent two years in the U.S. Navy learning dentistry. . . . Watch this space for details of the opening of Ken Liermann, Libertyville, as soon as his office is ready. . . . I talked to the second half of the Fred Verink group the other night, and found that they were recently the selective parents of the cutest little boy the Evanston Cradle had to offer on the 27th of November. In discussing the adoption with the proud Mama, I received the impression that the trial period was over and they were ready to receive him. What luck, my oldest is almost nine and I'm still trying to get the powers-that-be to take all three back .- Ed Sherwood, Branch Correspondent, Elgin Institute Branch.

West Suburban

Here we are beginning another decade in history. Past decades were called the "Roaring Twenties," "Fabulous Fifties," and such. We predict that the next ten years in dentistry will be much better in the field of education and research, thus an asset to all dental practitioners. Therefore, may we coin the next decade as the "Sizzling Sixties." . . . On December 7th of last year the Round Table celebrated a birthday of 25 years. Its "parents"—William Tolar and Al Kuncl—were presented beautiful plaques. Noel Maxson, another "parent," was not present but will be also honored with a plaque. A

and he did!

H. W. Thompson, founder of PBP, did teach dentists to present dentistry, to talk in terms the patient would understand. In doing this he laid the groundwork for the present PBP program, the complete management service which covers every phase of business operation in your dental office.

There have been many changes in PBP to keep pace with the progress in the dental profession. Constant research keeps PBP up-to-date.

PBP has spent 25 years helping dentists plan, build and manage their practices. PBP looks forward to serving in the future — to meet the challenges of the growing, complex dental profession.

delicious cake was consumed by the celebrants. Hats off to Jack Opdahl, Tope Maxson and Marvin Blechman for a job well done. . . . Joe Voita is a proud grandpa and was presented with the first boy in his family. . . . Congratulations are in order for Joe Discipio on being elected Vice-President of the Berwyn Kiwanis Club. . . . Bob Pollock, Sr. made a great contribution for dentistry and our branch on his participation in "Your Dental Health" on channel 11 WTTW last December. . . . John Silberhorn attended a meeting of the Aurora Dental Society and stated that Dr. Frank Wentz gave everyone a terrific message. . . . There were many new faces at our last meeting and we were happy to see Don Zerwer, Richard Thometz and Dean McNeil. Dean informed me that his dad. William, is doing well in Salt Lake City. Utah. Hello from a former pupil who thinks highly of you. May good luck and good health always embrace you. . . . The Vincent Urbaneks are infanticipating in March. . . . James L. Frank is a retired Lt. Colonel from Fitzsimmons General Hospital and also the proud daddy of a 9-month daughter. . . . Joe McCormack moved into Lombard. By the time you read this, his third offspring will have been born. You will have to ask Joe about the gender? . . . Al Severino was also a daddy for the 2nd time. . . . Our deepest sympathy to Gordon Anderson on the loss of his wife. . . . John Frymark attended the Orange Bowl Game in Miami, Florida. . . . Gene Fleming played 126 holes of golf last month in New Orleans, that's living, eh Gene? . . . Frank Klepacki is now full time in Hinsdale, Illinois. . . . There will be a meeting on January 20 of the American Academy of Nutritional Research. The speaker will be Dr. Fred Miller of Altoona, Pennsylvania. His topic is "Gateway to Health." Anyone who wishes to attend please call Frank Biedka at NAtional 2-2210 for the time and the place. . . . Lee Hein is very happy about the new carpet in his office. We hope it takes you many, many years to wear it out, Lee. . . . Dr. Anthony Gargiulo spoke at our Round Table on January 4th and gave a splendid clinic on Periodontia. Anthony is associated with John Kollar, Jr. and is a proud member of our branch. . . . Herman Roe and his missus spent their religious holidays in New York visiting Herman's mother. . . . Perry Dontist informs me that "Self-denial is the oldest wonder drug." . . . Please forward your news. Come on now—what's news! —D. J. Catrambone, Branch Correspondent.

Englewood

As this is the first column since December 15, I would like to wish everyone a Merry Christmas, Happy Hanukkah, and a healthy, prosperous New Year. . . . Although the gala, social event of the year, Old Timer's Dinner, is over, it certainly isn't forgotten. Anyway I haven't forgotten it, I just got over the hangover. We all know that when Lou Horevitz is called on to do a job, it is done methodically, expediently and thoroughly. But this time even Lou outtopped himself. It certainly will go down in the records of Englewood Branch as one of the best Old Timer's Affairs we've ever had, which is probably Chicago Dental Society's biggest event outside of the Midwinter Meeting. As far as details, Nielsen's served 140 delicious cuts of the best roast beef. The guests of honor were: Dr. Lon Morrey, Editor of the A.D.A. Journal; Mr. Edgar Stephens, Administrator of Law Enforcement of the Illinois Dental Society: Mr. Karl Richardson. C.D.S. Executive Secretary; Dr. Rudolph Grieff, Treasurer of C.D.S.; Dr. Paul Kanchier, Secretary of C.D.S.; Dr. Herman Wenger, President-elect of the I.S.D.S.; Dr. Robert Tuck, Vice-president of C.D.S.; Dr. Harold Hayes, President of C.D.S. Also at the head table were the branch officers and chairman of the affair. The special guests of the evening were the 20-year graduates: Ed Mikula, valedictorian, Bruce Spooner, John McCarthy, Evo Binotti, Al Nicastro, Bernard Litz, and Bill Burke. It was also Harold Hayes' birthday. We even had a professional photographer there, Mr.

Dentists find helpful new use for Lavoris

Lavoris helps you take clearer, more exact impressions by reducing the possibility of troublesome air bubbles.

Also, its unique detergent action effectively and thoroughly cleans away mucus, food particles and impurities.

During extractions or other dental procedures, Lavoris acts as a masking agent when minor hemorrhage occurs.

And, Lavoris has a refreshingclean stimulating taste.

A professional-gallon size is available to members of the dental and medical professions. \$2.50 prepaid to your office.

Send check to: LAVORIS DIVISION Vick Chemical Company Box 990 Wilmington 99, Delaware Professional samples for office and patient use available on request.

AVORIS

Ed Bloom, I don't know about anyone else but my picture came out perfect. Hope you all got pictures of yourselves to remember the evening. Mitch Klabacha had a tough time with the soup. The color went well with his trousers. ... Sorry to report that Bernard Wygodski passed away December 2. The branch extends its deepest sympathy to the familv. . . . Ernie Zawadski has had a serious operation and from all reports is doing well. . . . John Lace was in the Presbyterian Hospital for a detached retina. I hope all is well now, John. . . . Sam Rabishaw and I are leaving for the Drake Hotel now where the Alpha Omega Dental Fraternity is holding its 52nd Annual Convention. . . . Before I close for now. I would like to tell all members who didn't attend the Old Timers, that Romaine Waska was there and looked wonderful. I think that his presence helped to make the whole evening a delightful time. Please keep up the good recovery, Romaine. - Lewis L. Weil, Assistant Correspondent.

Northwest Side

The January 1st issue of The Fort-NIGHTLY REVIEW did not contain news of the branches, because of the demand for space in publishing the preliminary program of the Midwinter Meeting. As a result we did not have the timely opportunity to wish all of you and yours a painless and prosperous new year. So

at this time may we offer our sincere wishes for the best of everything to all of you in 1960. . . . The Cantafio's have nine children. Anybody think he can beat that record? Stan Sierocinski is a likely candidate. He had his first, a girl born a few weeks ago. You have a long and pleasant way to go, Stan, good luck all the way. . . Mitch Kaminski's son Mickey was elected secretary of the freshman class at St. Joseph's College. . . . Dick Jaskulski doesn't like big stake poker games, especially one called 48. On the other hand, Henry Bogacki likes to play poker with women. He won \$56 in a recent game. . . . Ben Davidson introduces Art Elfenbaum at one of the essay sessions of the Midwinter Meeting. . . . Bob Placek is vacationing in Jamaica for several months. . . . J. J. Applebaum takes over as chairman of the Budget Committee in Placek's absence. The Budget Committee hopes to have a booth at the meeting. Stop and have a chat about the advantages of the Dental Budget Plan. . . . Ben and Mrs. Legator will be heading for Palm Springs, Cal., Jan. 15th. . . . The Lebows and Marshacks, among others, enjoyed themselves at the recent Alpha Omega national meeting. . . We recently received a letter from Dr. Aaron W. Chulock, a retired member of the Northwest Branch. Dr. Chulock says it was not easy to adjust himself to a do-nothing club. He joined a few social organizations, spent some time fishing, reading dental literature and finally joined the Miami Beach Dental society

DOCTORS' SERVICE BUREAU*

25 YEARS OF CAREFUL AND ETHICAL SERVICE

* Bonded To Members Of The Society

in order to keep in contact with the life occupation he dearly loved. He wants to inform the members of his branch that he is still well and living in Miami Beach. He would enjoy hearing from any Northwest Side Branch members and issues an invitation for them to visit him when they are vacationing in Florida. Dr. Chulock is residing at 8080 Tatum Waterway Drive, Miami Beach 41, Florida. Heartiest regards to you, Dr. Chulock, from all of the Northwest Side members. . . . Our next monthly meeting will be in March. Please remember to contact Joe Ulis for dinner reservations at SP 2-8851. . . . The Northwest Side Branch, in conjunction with the Academy of General Dentistry, is sponsoring a two-day denture clinic. Make your reservations with Dr. I. J. Applebaum at 4000 W. Lawrence. . We'll see you at the Midwinter Meeting .- Victor T. Weclew, Branch Correspondent.

North Side

It was nice getting a one-issue vacation during the holiday season, but here we are back at the store again. We've got lots of news and items of interest, so here goes. . . . Our workshop under the able direction of Rube Kadens, had a very successful practice management meeting in early December and is now planning its next meeting. This next one is really an extra-special one. It is not just a lecture, but a real two-day course in Periodontia. Whether you don't know

what pyorrhea is, or you know the fine points of difference between periodontitis and periodontosis, this course will help you. The instructor is Dr. D. Walter Cohen, one of the foremost periodontists in the country. This course is scheduled for Sunday and Monday, March 20 and 21, at Tam O'Shanter Country Club. The tuition fee is \$35.00, which will again include continental breakfast and lunch. So be sure to mark your appointment book and get your sitters early. By the way, this same course was given in Chicago a while back and the tuition was more than four times the amount the workshop is charging. How can you afford not to take it in? . . . Harry Greene is strutting around with his chest out far these days due to the recent engagement of his daughter Toni to Lou Rowitz. Toni is a sophomore at the U. of I. and Lou is attending the law school there. Congratulations and our best wishes to all concerned. Speaking of Harry, didn't he do a terrific job as general arrangements chairman for our clinic day? When there is a job to be done and it is given to Harry, it gets done well. Thanks, Harry, but tell me: Why do they call you "The big M?" . . . Sam Breger visited in California recently to help celebrate his folks' 50th wedding anniversary. And, Sol Burnell and Hank Mittelman spent some time in Glenwood Springs, Colo., with their wives at a dedication dinner for Dr. Sicher on his 70th birthday. Happy Birthday, Dr. Sicher, and many more happy returns of the day. . . . Ed Shapiro is the proud grand-

father of a 7-pound baby boy born to his daughter, Mrs. Harvey Shore. . . . This next item I am happy to report. On Dec. 5, E. Allen Frankel was inducted into the Catholic Youth Organization Club of Champions. This very high honor was bestowed on Allen for his many, many years of unselfish devotion to youth and youth activities. This honor is the first ever to be given to a dentist, and we of the North Side are justifiably proud of him. He joins the ranks of such notables as Frank Sinatra, Jack Dempsey, Joe Louis and over 300 greats of national reputation. . . . The Chicago Periodontal Study Club is having its second annual seminar to be given on Sunday, Feb. 7, at the Conrad Hilton Hotel, by Dr. Marvin Sugarman of Atlanta, Ga. Attendance is limited; therefore, those interested contact Jules Caplan for more details-LO 1-9345. . . . Some of our own local boys are really getting around. Morry Gerry gave a talk on Hypnosis before 200 students and faculty members at the U. of I. School of Pharmacy. His talk was very well received, according to my contact there. Why don't you boys tell me about these things so that we can write you up instead of me having to find it out elsewhere? . . . Howie Adilman is giving postgraduate courses at the U.S. Public Health Hospital every other Monday night. Any of our N. S. members are welcome at no charge. . . . Time is at hand again for our \$100 Scholarship fund for a student of each of the three dental schools in Chicago. Letters are being sent to the deans of each school to select a worthy student. These are funds from our workshop. Any suggestions from the membership will be appreciated. . . . We all owe a vote of thanks to Russ Boothe for a tough job well done. Russ has been working on changing some restrictions which have kept dentists as second class doctors. A recent change in Blue Shield Insurance will allow payment to a dentist, not only an oral surgeon, for surgical procedures that qualify. This is a step in the right direction. Keep plugging, Russ. . . . Speaking of insurance, I spoke to one of the men who set up the dental insurance plan in York, Pa., in cooperation with the ADA. He mentioned possibly opening something here in Chicago along the same lines. I'll pass it along as soon as I get more information. It seems that the Trubyte Plan in Pa. is working out very well and the insurance company is ready to expand it. The gentleman that gave me this information is going to be a guest at a future meeting of the Uptown Dental Forum. Contact any forum member for the date if interested.-William Semiloff, Branch Correspondent.

A DENTURE IS AN EMOTIONAL EXPERIENCE

tural looking

... and during this period of emotional readjustment the beautiful new patient education book "LIVING DENTURES" helps you to enlist the patient's cooperation and build confidence in your professional skill

Ask your Trubyte representative to order your copy today.

THE DENTISTS' SUPPLY COMPANY OF NEW YORK York, Pennsylvania

...VISIT THE

KRAMER EXHIBIT

Booth 25

CHICAGO
MIDWINTER

Once each year during your annual meeting we have the opportunity to show what progress we have made in the highly specialized field of fixed crown and bridgework.

This opportunity for dentist and technician to discuss what was done or has happened during the past year and then consider what could transpire during the forthcoming year makes for a most constructive educational period.

We shall look forward to your visit at our booth.
